## Updates & Reminders - Students

### **Winter Term Tuition Deferrals**

The online deferral application will be open from **July 15 to August 31** for graduate students employed as Teaching or Research Assistants. The deferral

is intended for students that do not have funds available to pay their tuition fees by the due date and are relying on their stipend to make payment.

The link to the application can be found on the Student Services website under Other Payment Options: <https://students.ubc.ca/enrolment/finances/paying-tuition>

Payment of Winter Term 1 tuition fees would be deferred to November 30.

## Faculty Workshop - Upstander Engagement

WACH faculty are invited to the [Upstander Engagement](#) workshop on September 22, 10:00 - 12:00, BCWH.

Register here: [https://ubc.ca1.qualtrics.com/jfe/form/SV\\_cO1KFCoKnKNILSe](https://ubc.ca1.qualtrics.com/jfe/form/SV_cO1KFCoKnKNILSe)

Upstander Engagement is a social justice tool that members of our community, especially those with privilege and power, can use to intervene and support members of our community who are harmed by exclusionary, racist and discriminatory conduct and whose vulnerability and lack of power make it challenging and exhausting to act on their own behalf.

There will be one pre-workshop module to cover the theory component. The workshop will be very practical and interactive!

## Workshops & Meetings

[Recording: Preparing Excellent Fellowship Applications](#)

---

Mitacs training in core competencies for industry  
[August and September schedule](#)

---

Sep 20, 12:00 - 1:00pm

Virtual

---

[Indigenous Wellbeing Gathering Conference](#)

Oct 13-14

Kelowna

**Resource of the Week**

## **Intersect Job Simulations**

[InterSECT](#) (Interactive Simulation Exercises for Career Transitions) is an online platform that allows PhD-level scientists (and others!), regardless of professional stage, to explore future career options. Their goal is to provide true-to-life job simulation exercises that help individuals consider the following questions:

- What are my professional interests and skills?
- How do my interests and skills translate to potential careers?
- What are my career options?
- Which careers haven't I considered?

The job simulations are self-guided. Each simulation contains background and directions for you to complete tasks related to the career of interest. You can complete one task of the job simulation in as little as 1 hour, or complete the series of tasks for a deeper dive into a job area.
